

# REST-for-Physics Framework

## 1.0 Before we start

24.01.2023 - Javier Galan - [javier.galan@unizar.es](mailto:javier.galan@unizar.es)

- You will need to add the sourcing of thisREST.sh

```
echo "source ~/apps/rest-for-physics/thisREST.sh" >> ~/.bashrc
```

- The exercises will be found at <https://github.com/rest-for-physics/rest-school>
- You will be required to clone it in your local system:

```
git clone https://github.com/rest-for-physics/rest-school.git
```

- You may need to disable the ROOT web browser. In your HOME, inside a file named .rootrc, write:

```
Browser.Name:          TRootBrowser
```
